

Media 4 installs photobooth number 280 in Morrisons, Dover

Media 4 have recently installed their 280th photobooth into the Wm Morrison estate. Since taking on the contract in November 2008, Media 4 have added 38 new sites to the estate.

During this time, we have been working hard on improving the uptime of all the photoboos by harmonising the hardware and software, and this is showing through in our usage statistics.
